The 2020 IEEE North American School of Information Theory (NASIT) will be held **Wednesday, July 8 to Friday, July 10, 2020** at the University of British Columbia, Vancouver in Canada. The school will provide graduate students and postdoctoral researchers the opportunity to learn from leading experts in long-format tutorials as well as the chance to present their own work.

Our lecturers are

Michelle Effros, California Institute of Technology

Negar Kiyavash, Georgia Institute of Technology

Douglas Stebila, University of Waterloo

David Tse, Stanford University

Wei Yu, University of Toronto

Lizhong Zheng, Massachusetts Institute of Technology

For further details and applications (due in spring 2020, date TBA), please visit
